About KeepRite® Vehicle Graphics

Advertise with Vehicle Graphics

Advertising space comes at a high premium, so use the space you already own or lease...your service vehicles. These, 'mobile billboards' advertise your business 24/7 while in route or parked.

Make your vehicles work for you and take advantage of the low pricing available through our KeepRite® Vehicle Identification Program.

These wrap designs reinforce your identity as a professional HVAC dealer, backed by KeepRite's high quality, nationally recognized home comfort products. Plus, vehicle wraps are still the lowest cost form of print advertising.

Our decals and wraps are made from premium 3M® IJ180CV3 Comply Vinyl and have a 7-year durability with repositionable Controltac/Comply adhesive that is easily removable up to 5 years. This vinyl will not damage the exterior surface of the vehicle.

TKO Graphix has been providing high quality vehicle graphics to the HVAC industry for over 30 years. From graphic design, printing, production, to installation and removal of decals, TKO Graphix offers customers a total package of services.

We are proud to be a 3M™ MCS™ Warranty provider, which means our customers receive consistent, outstanding products backed by 3M's most comprehensive warranties.
