

Ready-To-Go Modules Make TV Advertising Easy!

The broadcast-quality Beta SP tape provided lets you create your own impactful **15-second TV spot** that gets results.

The first 5 seconds of the TV ad is a lifestyle segment showing people enjoying KeepRite® indoor comfort.

For **the next 5 seconds** of the ad, we've provided ready-to-air footage highlighting these offers. You can choose from the following offers:

- Tax Credit (available only through the end of 2010)
- Clean & Check
- No Hassle Replacement™ limited warranty
- Consumer Financing
- Extended Service Agreement

OR

- Blank offer for you to customize

Please notice there is a space to add your own information.

Finally, **the last 5 seconds** allow for more dealer information to be added. For example, you can add contact information, credit cards accepted, etc.

Please use your local talent for the voice-over.

Your local broadcast partners can also visit **GoKeepRite.com** to obtain elements you may need for customization.
